

QUALITY POLICY STATEMENT

Australian Bakels (Pty.) Limited was established in Australia in 1952, with its core business and technical expertise in specialised bakery and food ingredients. We are part of the International Bakels Group, a world leader in specialised bakery ingredients.

We will continue to develop this expertise in our domestic and export markets by formulating, manufacturing and marketing value-added products to provide total solutions for our customers. This will be achieved by a commitment to ensure that the standard of our products is of the highest quality and safety to meet statutory, legal and customer requirements.

Bakels maintains a HACCP-based Food Safety and Quality Management System which is independently audited by an international auditing agency.

We have established food safety and quality development teams who understand our policy, commitment and customers' requirements. Resources are available to support the development, implementation and maintenance of our policies, which are regularly reviewed.

Our staff is committed to a continuous improvement policy and is involved in all aspects of the business.

Andy Nelson.
